## Bike Area

At the foot of the majestic Mont Blanc, the Courmayeur Mont Blanc Bike Area remains the ideal place to experience the mountains on two wheels also for the summer of 2026. Despite the ongoing work to build the new Maison Vielle gondola lift and replace the Chécrouit, gondola lift, ahead of the opening for the 2026/27 winter season, the area remains ready to welcome bikers with plenty of opportunities for fun.

Set amongst the slopes of Val Veny and Chécrouit, there is a range of options designed for both those who love the thrill of mountain biking and e-bike enthusiasts: flow trails, scenic routes and loops dedicated to climbing and descending, offering a comprehensive and accessible experience.

By summer 2026, three ski lifts will be in operation, the Dolonne gondola lift, the Val Veny cable car and the Zerotta chairlift, along with a convenient electric shuttle service linking the two sides of the valley, making it easy to reach the high-altitude trails.

Bike Shuttle, running every day from 9.30 to 17.00 with rides every 30 minutes. From floor 0 of the Dolonne Gondola lift up to the square of Val Veny Cable car. The service is intended to link the two sides, given the work being carried out on the Maison Vieille chairlift
